Struggling theatre owner Buster Moon is desperate to save his business and his childhood dreams by hosting the world's greatest singing competition.

After inadvertently advertising a \$100,000 prize, instead of \$1000, singers from all walks of life come along to audition for the show. With old friends and new along for the ride, Buster unearths some amazing talents, but will they be enough to restore the theatre to its former glory and make everyone's dreams come true?

Thank you to our principal teachers and show directors Peta Wirth and Shaylee McGregor who have worked tirelessly to put together this amazing performance.

Also, to our fabulous teaching staff Hannah Pulman, Holly Vonhoff, Renee Gregor, Emily Barr and Sophie Papadopoulos for the extra hours and effort that go into creating the show.

Our committee and teachers also acknowledge the hard work and dedication of our 2025 student teachers:

Gabrielle Dolzan, Isabella Dolzan, Sophie Donegan, Abbie Firth, Logan Larrigo, Hannah Lovett, Sophie Papadopoulos, Nicole Pengo, Jasmine Pye, Meadow Shaw, Ava Wills and Hayley Winks.

ACKNOWLEDGEMENTS

Our end of year concert requires a huge amount of help behind the scenes. The Committee and Teachers of the Mount Isa School of Dance would like to thank the parents, families, and friends of our students for all their help and support throughout the year.

In addition, we acknowledge those parents, families, and friends who:

- Assisted with making props – A special thank you to Maree and Georgia Carland for your time making props this year and at Saturday rehearsals, to Kate and Matt Lovett who have been amazing printing items for us through their new local business Inkspiration Signs and to Jim Wirth and Kelvin Gregor for always lending a hand.
- Have loaned us items to use as props.
- Assisted as part of the backstage crew (Josie Hopkins) and with lighting during both rehearsals and performances (Kate Troxell, Brooke Troxell and Tayla Dyer).
- Assisted with costume changes and looked after student's backstage at the Civic Centre during rehearsals and performances, especially the mums who offered to help for both performances.

We really appreciate you all!!

We would also like to thank Simon Smith from the Mount Isa Civic Centre for your patience and assistance setting up all the technical aspects of the concert, and Tanya Cvetic, Katelin Hovi, Mia Eaton-Campbell and Brian Atherinos from Mount Isa City Council for your hard work and support of our event.

Thank you to Josie Hopkins and Kate Troxell for your willingness to step in and teach classes when required throughout the year.

And finally, thank you to the Zonta Club of Mount Isa for your amazing team of ushers and to Sweeney Contracting Services for your in-kind donation.

Break up Celebration

At the conclusion of our Sunday performance, we will hold a breakup celebration in the auditorium of the Civic Centre. If you are not a member of the audience for the Sunday show, please head to the Civic Centre around 4pm. Following the conclusion of the show, we will take a short break and gather in the auditorium where all students that have participated in the concert will be presented with a medal along with the presentation of special awards to students.

Cake and ice blocks will then be provided for students and siblings. We hope to see everyone there!

We ask that there be no filming or taking of photos from within the audience. This protects our dancer's safety and privacy and the artistic integrity of the performance.

There will be one section of the show (the finale item) where taking video or photos will be permitted, however please remember this is for your own personal viewing and should not be posted to social media.

We are blessed to have two amazing dance mums, Ruth Gear and Leonie Winks, to thank for their filming and photography services.

Digital Recording

All families will have received instructions on how to pre-order digital downloads of both shows.

If you didn't make a pre-order, copies can still be purchased for \$70 for both shows at the link below:
